MEMBERSHIP APPLICATION FORM

The Tweed Heads Community Men's Shed Inc. (THCMS) commenced operations in June 2012 in a disused Council garden shed at the current site.

In November 2014, a new custom-made shed was opened thanks to the hard work of our members and local politicians.

In 2017 an extension was completed to cater for our increasing membership.

Our shed has a large workshop area for woodwork and metalwork, an air-conditioned meeting room and a computer training room.

What is the Tweed Heads Community Men's Shed?

Our Men's Shed offers members the chance to meet together to socialise and to work on individual projects.

At our Shed, you will also find members working on community projects. There may be younger members working with older members who pass on their skills and, at the same time yarn to the young ones about the "good old days" and how best to approach any problems.

Each shed is different, and it is up to the members to decide on what activities take place.

In our Shed, we do woodwork and metalwork, play cards, learn about computers and manage the local market.

Working "shoulder to shoulder" develops and restores a feeling of wellbeing, mateship and self-worth. But it is not just about work; many members just come for a chat and a cuppa.

Members receive a monthly newsletter to keep informed of all current and future activities.

There is a guest speaker every month with a wide variety of topics covered including health issues, social security, personal safety, etc.

There is the occasional social outing, where you can bring your other half along to enjoy the day's activities.

If you would like to join or find out more about the Shed, call the Shed on 0401 018 713
